

REMARKS

Claims 1-3, 6-21, 23, 24 and 27-29 are pending in the present application.

The Examiner has required election in the present application between:

Group I, claims 1-3 and 6-13, drawn to a recording system for a broadcasting program;
and

Group II, claims 14-21, 23, 24 and 27-29, drawn to a method for recording a broadcasting program in a recording system having a storage medium for storing the broadcasting program intended to record, and a recording processing part having a recording parameter storage part and a network interface part.

For the purpose of examination of the present application, Applicants elect, with traverse, Group I, Claims 1-3 and 6-13.

Applicant traverses the restriction/election requirement as examination of all pending claims would not place a *serious* burden on the Examiner. (see, e.g., MPEP §§ 808, 808.02).

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact David A. Bilodeau, Registration No. 42,325, at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.
